

CSCI 572 ASSIGNMENT 4 RUBRICS

LLMs, vectors, RAG

Total Marks: **10 marks**

The distribution of marks is shown in the table below:

Submission Requirements	Marks Allotted
Q1) data.json file + query file/query screenshot + screenshot of the output of the query	3 marks
Q2) config.ts file + output.json	3 marks
Q3) Text File of knowledge source + Screenshot of Q and A	3 marks
Q4) Screenshot of the 2 queries, 2 answers, and pdf they upload	1 mark

Rubrics

- Q1:
 - If the data.json input file is missing: **-1**
 - If the screenshot of the output of the query is missing: **-1**
 - If the query (.sh) is missing: **-1**
 - Please note that the student may have submitted the screenshot of the cat command to show query (.sh) file content. If so, please award marks
 - If query .sh file/content is the same as Prof provided in HW (meaning didn't change anything): **-1**
 - If the data.json file is the same as Prof provided in HW (meaning didn't change anything): **-1**
- Q2:
 - If output.json is missing: **-2**
 - If config.ts is missing with the pages crawled: **-1**
- Q3:
 - If the text file of the knowledge source is missing: **-1**
 - If a screenshot of Q and A is missing: **-2**
- Q4:
 - If you can not see the pdf information (either the PDF or screenshot of the PDF uploaded) that the student has uploaded in any of the screenshots/files: **-0.25**
 - If you can not see 2 queries in any screenshot: **-0.5**
 - If you can not see 2 answers in any screenshot: **-0.5**
 - Students may have added a single screenshot that covers both questions and answers. Please look carefully before docking the points.
